## New Vendor Spotlight

### AudioCodes

AudioCodes provides innovative, reliable and cost-effective Voice over IP technology and Voice Network products and Value Added Applications. The Company is a VoIP technology leader focused on quality and interoperability with industry leaders in the service provider and enterprise market. AudioCodes voice network products feature media gateway and media server platforms, which function as core gateways or CPE voice gateways for packet-based applications in the wireline, wireless, broadband access, and enhanced voice services markets. AudioCodes enabling technology products include VoIP, CTI and call logging communication boards, VoIP media gateway processors and modules.
