## New Product Spotlight

**PREMIER Wire Connectors will be available in mid-May through EMBARQ Logistics.**

The PREMIER Wire Connector product family is comparable to the 3M Scotchlok family and is compatible for use in 3M's crimping and cartridge tools. The EMBARQ standards team has evaluated these connectors and has approved them for use in the EMBARQ network. The polycarbonate connectors (UR and UY) will be available for purchase by mid-May and will be sold by the box and cartridge. The polypropylene products (UR2 and UY2) will be available for purchase in 60 - 90 days in both boxes and cartridges.
